

Westchester Elementary Renovation

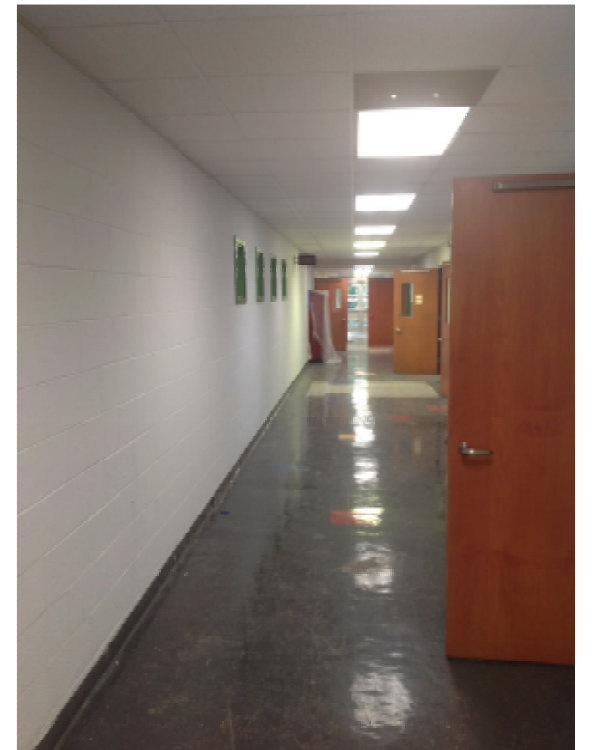

Dear Community Member,

Turner Construction and Stevens & Wilkinson are excited to be working with City Schools of Decatur on the fourth and final SPLOST IV project to turn Westchester Elementary, which had been serving as CSD's Central Office location, back into an elementary school. Renovation work began in late May as faculty and staff moved to the new Central Office at Beacon Hill.

Construction is now well under way, and the team has accomplished several activities including: demolishing walls to open up classroom space; erecting new walls and acoustical ceiling to modify and repair several classrooms; installing new acoustical ceiling in the Auditorium/Gymnasium area; and prepping/priming walls for a fresh coat of paint and bright new colors. The project will be completed for the beginning of the 2014-2015 school year. Turner Construction would like to give a big thanks to students, parents, faculty, and community members alike for your continued patience, flexibility, and support during this process!

Construction Hours:

Turner will adhere to the City of Decatur Noise Ordinances. Construction work will only take place between the hours of 7am - 7pm Monday – Friday, and 9am – 6pm Saturdays (if needed).

Turner
